MANUFACTURER (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Manufacturer Excessive modesty is quite as depressing as too much self-esteem. Though I do not wish to embarrass the reader by an attitude of humility that suggests an exhibition of the art of angling, I must in all honesty affirm that no critic can be more conscious of the faults of this book than its author. It is, however, my first-born, and though deformed I have the parents illogical belief in the possibility of its usefulness. I can imagine the professional writer saying: This man has no qualifications for Authorship, his work is faulty and his thoughts confused. He would be far better employed minding his own business. It may be so, but should we not lose something of value if we refused to listen to those who were unable to claim expert knowledge of the subjects under general discussion? The intelligent workman has often something to say that is interesting and instructive. There is a freshness in the point of view gained from long contact with the realities of life. In this little island millions of Englishmen live side by side with every facility for social contact, and yet, how little we know of each other s lives. As you pass through the ever-growing built-up areas have you not wondered how and where people who inhabit them earn their livings? One of the undesirable and perhaps dangerous results of this modern development is this tendency to shut up the various classes of society in watertight compartments.
