

## The Improving State of the World: Why We re Living Longer, Healthier, More Comfortable Lives on a Cleaner Planet (Paperback)

By Indur Goklany

Cato Institute,U.S., United States, 2007. Paperback. Book Condition: New. annotated edition. 226 x 150 mm. Language: English . Brand New Book. Many people believe that globalization and its key components have made matters worse for humanity and the environment. Indur M. Goklany exposes this as a complete myth and challenges people to consider how much worse the world would be without them. Goklany confronts foes of globalization and demonstrates that economic growth, technological change and free trade helped to power a cycle of progress that in the last two centuries enabled unprecedented improvements in every objective measurement of human well-being. His analysis is accompanied by an extensive range of charts, historical data, and statistics. The Improving State of the World represents an important contribution to the environment versus development debate and collects in one volume for the first time the long-term trends in a broad array of the most significant indicators of human and environmental well-being, and their dependence on economic development and technological change. While noting that the record is more complicated on the environmental front, the author shows how innovation, increased affluence and key institutions have combined to address environmental degradation. The author notes that the early stages...
