Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The book is a whirlwind of thought and life in general. Its main purpose is not hurt speech but subjects everything to rigorous questions and seeks answers to seemingly insurmountable problems. Some views expounded in this book will no doubt raise some dust. But if dust has to be raised to reach to truth, so be it, no apologies. The author writes to be damned, but will not accept any thing that is advanced without evidence. The book in the first chapter guides the reader through the author s struggles and in a way is a motivational piece as it shows that all is possible through not giving up, in spite of insurmountable odds. As a practical demonstration, of the power of being a Sceptic, the reader is taken through the fundamentals of the poorly understood topic of hypnosis. The reader is guided through the practical ways of becoming not only a hypnotist, but a way to improve one s memory. The section on how to study for success will certainly help those that are engaged in pursuing knowledge in any field. It has been used by the author himself and many others in their successful studies over a long period. In this way the book is a small but powerful educational tool. A small part is what the author calls common Science; which of course may not be so common after all. The book shows through brutal examination of traditional views that the Sceptic sooner than later reaches to the truth. There are few topics in the book that the author has inserted purely to provide rest periods from the hard philosophical and scientific...
