

The Pronunciation of English I. Phonetics. I. Phonetic Transcriptions

Filesize: 9.64 MB

Reviews

This is an amazing book that I actually have actually read through. I am quite late in start reading this one, but better then never. You will not truly feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).

(Scottie Schroeder DDS)

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 30 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1909 Excerpt: . . . of a preceding or following velar consonant--bacon, beikrj (59); congress, korjgres (compare congratulate, kangraetjuleit). Another is that of k, g to t, d under the influence of a following 1, e. g. tli: n dlAVZ for kli: n glAvz (clean gloves). (This latter assimilation should be avoided.) 191. Another very common assimilation is that of J to 3() under the influence of a preceding z(s) or d(t) (100, 101). 3() is intermediate in tongue-position between z(s) and j. Hence the coalition of z(s) and J naturally gives 5(), see fig. 9. 192. The tongue-position for d(t) is much the same as that for z(s), except that actual contact is made by the tip of the tongue against the upper gums. The d(t) has therefore influenced the J by drawing the front of the tongue somewhat downwards, thus changing the sound into 3(). 193. (4) Assimilations affecting the position of the lips. 194. The k in quite, kwait is pronounced with liprounding under the influence of the following w. A labio-dental nasal consonant is sometimes used instead of m, when followed by f or v, as in comfort, k and mfat. n sometimes becomes m under the influence of a preceding labial, e. g. oupm for oup(a)n. VII. QUANTITY 195. All sounds may be continued during a shorter or longer period. For practical purposes it is sufficient to distinguish two or at most three degrees of quantity (long and short, or long, half-long and...)
