Coming from a long lineage of Finders, Errol thinks this task will be simple. After all, it's in his blood. But this task? Locate The Most Important Earth Human ? In his wildest dreams, he would have only pursued this quest if his life depended on it . or his father's. An average, normal, teenager was all Marcie ever considered herself, with all the regular problems of high school. Except for the family visions. Unexpected, confusing, and filled with sword battles in epic flaming castles. Unusual sure, but nothing special. So why was she being whisked away by a young man holding a list of items? Thrown together, these pawns in an intergalactic game must race against the clock to free Errol's father, end the horrors of the Glaxorin, and protect an omnipotent power. But the timer has started. And with only five days left, more lies in the balance than these two have yet to realize. The journey of a lifetime has just begun.
