Edward Elgar Publishing Ltd. Hardback. Book Condition: new. BRAND NEW, Utility Regulation in Competitive Markets: Problems and Progress, Colin Robinson, "Utility Regulation in Competitive Markets" is the latest book in the annual series published in association with the Institute of Economic Affairs and the London Business School, which critically reviews the state of utility regulation and competition policy. This significant new volume contains incisive chapters on a number of prominent concerns, including changes in the British system of utility regulation, the spectrum allocation question, liberalization of EU energy markets, security of supply issues, reform in the European postal sector, the future of rail regulation, the cost of capital and Ofcom's strategic approach to regulation. Chapters on each topic are followed by comments from regulators, competition authority chairmen and other experts in the relevant fields. By confronting the most important international developments in utility regulation, the authors offer practical policy recommendations for an effective way forward. This book will be of great value to practitioners, policymakers and academics alike who are concerned with regulation, deregulation and policies to promote competition.
