Gravity Before Newton Digby Futter dreams of becoming a scientist yet he is thwarted at every turn by real life. One day when working in his professional garage he is hit on the head with a lug nut and has an epiphany about the science of fate. As he calls it, Fate Before Futter is like Gravity before Newton. It existed, but took a unique mind and a knock on the head by an apple to bring the science to the world. His plan goes disastrously wrong costing him everything. A View Without Seasons This is the story of an engineer raising his young daughter by himself. Her mother has taken a job on another ship and is doing important scientific work that will change all of humanity forever. Yet when the man hears that his ex-wife's vessel will dock with his on Christmas day, he takes the opportunity to have his...
